Subject: Re: Fw: OW Talking Points for the OD Staff Meeting

Here you go:

Bristol Bay

- On 10/4/11, Bob P and Bob S had a meeting with five CEOs who support EPA's Bristol Bay Assessment effort, including the CEO of Tiffany's and Co, Trout Unlimited, Trillium Asset Management and the Bristol Bay Native Corporation. These CEOs are concerned with protecting the thousands of sustainable jobs associated with BB's fisheries resources that would be put at risk if large-scale mining were to move forward in the watershed. They are in DC this week for meetings at the White House, on Capitol Hill and with key federal agencies.
- The BB Assessment Team's Fisheries Workgroup met last week in Anchorage to discuss key aspects of the assessment effort and to develop an action plan for completing an internal review draft of the Assessment by February 2012 (the current target is mid February)
- There are 6 baseline sections of the Assessment: Fisheries, Marine, Wildlife, Cultural, Economics, and Roads. Drafts for the Fisheries, Marine, and Wildlife baselines are currently under review by the Assessment Team. Drafts of the remaining baseline sections are due for review between Oct 5 and 15.
- On 9/21/11, Senator Udall (CO) joined Senators Murray (WA), Cantwell (WA) and Bennet (CO) in sending a letter to EPA in support of the Assessment effort (have not seen Udall letter yet).
- The Pebble Limited Partnership has rescheduled the now canceled October "datasharing meeting" to January 17-20, 2012 in Anchorage. It remains unclear what prompted the delay.

I know this is a bit late.

Could you update and send directly to Sineta and cc me ?

Thanks,

Jeff
